

GRACE JERMSTAD

PRODUCT & UX/UI | BRANDING & DIGITAL DESIGN

I'm a multidisciplinary designer who thinks in systems, connecting UX/UI, branding, and product thinking into intentional, user-centered work. I'm drawn to the messy middle, where research and intuition meet, and ideas are tested, rebuilt, and refined into something real.

EXPERIENCE

Creative Designer - BasedOn

2025 - PRESENT

- Led transition from static proposals to interactive Framer-based experiences, improving accessibility and improving client engagement and supporting new business acquisition
- Collaborate with cross-functional teams to deliver strategy-driven design solutions across branding, print, and digital projects
- Develop visual identities and storytelling assets across multiple platforms, ensuring consistency and alignment with client goals
- Conduct research, ideation, and prototyping to inform user-centered design decisions
- Promoted from intern to full-time prior to internship completion based on strong performance in a fast-paced studio environment

Freelance Designer

2020 - PRESENT

- Lead end-to-end design projects across branding, web design, print, and digital media for a variety of clients
- Manage project timelines, budgets, and client communication across multiple concurrent engagements
- Develop brand positioning and visual identity systems using research-driven strategy

Digital Media Designer - Luna

2022 - 2023

- Designed marketing materials including print ads, digital campaigns, and menus to support event promotion and bookings
- Created the brand identity for a new venue space, establishing a cohesive visual system across the business
- Redesigned a WordPress website, improving navigation, mobile responsiveness, and overall user experience

EDUCATION

University of Michigan, Ann Arbor

2021 - 2025 | GPA 3.85

BFA in Art & Design | Minor in User Experience Design

DIS Copenhagen - Study Abroad

2024

Studied entrepreneurship and European business ethics; launched a startup and pitched to venture capital teams
